

श्री ज्वालामुखीमाता मैसुरीया मंडल (लंडन)

Shree Jwalamukhimata Maisuria Mandal (London)

Estd: Since 1987

Dear member,

It gives us a great pleasure to inform you that following our Annual General Meeting, we have set up a team of volunteers to provide information and services to our Mandal. Their first priority has been to organise Navratri and Dinner and Dance dates for 2008, this has already been set in motion. Other events and activities are also being planned that will take place throughout the year

If you have the zest and energy, and if you care for the Maisuria Community, then you are welcome to join in, whether female or male and no matter what age you are.

This is an opportunity for you to learn to work as a team and show your organisational and artistic skills whilst serving your community.

The previous committee and trustee have now resigned by rotation and re-election will take place at some point to appoint new trustees, officer bearers and committee members.

Sumanbhai kindly started our Annual General Meeting off and with the help of our members the meeting was very constructive and uniform.

The team created, met a few days later to provide you with different challenges and entertainment throughout the year.

Soon you will receive letters telling you more about what plans are afoot and who to contact to take part in activities.

Whilst this is the first newsletter by the new team, it has the potential for addition of several material, life stories, documentaries and experiences.

In future there will be brain-teasers, competitions and other material that will keep you interested in our newsletters.

So, keep a lookout for our next event and our next newsletter for further details.

As we believe that this is a social newsletter, we welcome your input and your opinions about this and we hope that you will submit this to us for publication.

Tell us what should be included in the newsletters and how it can be improved.

For now, I am pleased to say that your Mandal is very much alive and active and if you can contribute to it in any way possible then you are welcome.

Just one more thing, our address directory has not been updated since 2005. If you moved home, then kindly provide us with your new address and telephone number. Thank you.
